

We are excited to bring you a super convenient student information and billing system for the 2018-19 school year!

What does this mean to you as a parent? This is a turn-key system of information through ParentsWeb. As a parent, you can view your child's grades, school announcements, statements, and pay tuition, lunch accounts and monthly bills all in one place. As a private and secure portal, it allows you to view academic and financial information specific to your child from any device with internet access.

Where will you view your child's grades/report cards from the 2017-18 school year? As the school transitions to our new platform, all 2017-18 grades will remain accessible via www.dwsnetclassroom.com .
